(2024·南阳高一检测)

School is, waking up early in the morning, whether it is hot or cold, putting on school uniform and rushing to the bus stop to catch the school bus and getting used to the words "Hurry up! You will be late!". You reach school and again the same words "Hurry up!" do not let you rest in peace.

Throughout the day, it is a mad rush. One period gets over, the other starts and you are ready for the second subject. When you forget to do your homework, you try to sit at the back and pretend to be looking for something on the floor or in your bag. You are lucky if you are not seen and it is bad luck if you get caught. If you are not lucky, be ready for a good scolding during break or after school. If you are lucky and your teacher is in a good mood, you may be left with a warning.

However, school is not so dull all the time; the games, library period and breaks are welcome time when you can relax, joke and have fun with your friends. There are some teachers, too, who can make school very exciting. For example, Mr Taneja, has a typical style of talking, making us always hooked on the playground.

School can be fun, real fun, when picnics and field trips are organized. We wait for them eagerly and keep on requesting our class teacher to organize one for us. Debates, quizzes, cultural programmes also add luster to an otherwise dull

school life. Fun increases after real hard work and you tend to enjoy more than those who have been lazy and have wasted their time. I think this period of your life is the most wonderful period—full of dreams and hope.

【文章大意】本文是一篇说明文，描述了既惊慌、繁忙又充溢乐趣的学校生活。

25. What can we conclude according to the second paragraph?

A. Some students hope to get away with their fault.

B. Teachers should be more patient to their students.

C. Some students dislike finishing their homework.

D. Teachers should reduce the amount of homework.

【解析】选 A。推理推断题。依据其次段可知，在遗忘写作业时，学生假装低头找东西是为了不让老师看到自己，逃脱老师的指责，也就是希望自己的过错不受惩处，故选 A。

26. Which subject does Mr Taneja teach at school?

A. Physics.　　B. Language.

C. Chemistry.　　D. Physical Education.

【解析】选 D。推理推断题。依据第三段的 There are some teachers, too, who can make school very exciting. For example, Mr Taneja, has a typical style of talking, making us always hooked on the playground. 可知，Mr Taneja 很可能是一位体育老师，故选 D。
