Using this guide

This guide assumes you're familiar with basic functions like click, right-click and double-click, and that you're familiar with the basics of the operating system you're using. Also, we use the following conventions:

Bold for text that appears on-screen, subheadings and labels.

Italics for file names, paths, publication titles, and new terms.

Bold Italics for emphasis.

Keyboard keys in square brackets, with a plus sign separating keys that you press simultaneously. For example: press [Ctrl]+[Alt]+[Del] to restart your computer.

Arrows (“ ”) to separate ordered directions. For example, “click **OK** **Close** **OK**” is the same as “click **OK**, then click **Close**, then click **OK**”.

When viewing online, **green** for cross-references and **underlined green** for links to Web pages. Click green text to jump to what is being referenced. (To jump to Web pages, your system first needs to have full Internet access.)

Online documentation

- Online documentation is in the **Matrox PowerDesk NT** folder.
- A *readme* file is also in the **Matrox PowerDesk NT** folder.
- For context-sensitive help where available, click the “?” icon on the title bar, then click the item you want help on. Right-click a help topic for a pop-up menu that lets you print or copy it.

Overview

Matrox PowerDesk for Windows NT includes

- **Fast** display driver with:
 - Multi-display support to use up to 5 monitors at a time.
 - Accelerated DirectDraw and OpenGL support so programs can have direct access to Matrox hardware.
 - Plug-and-Play (DDC-2B) monitor support.
- **Settings** property sheet to change your display settings. Use this sheet to access Matrox PowerDesk features such as;
 - Desktop mode buttons to set up a proportional, horizontal or vertical *virtual desktop*.
 - Display schemes to easily switch to a pre-defined display setting.
- **Monitor** property sheet to inform the Matrox display driver of your monitor's capabilities.
- **Performance** property sheet to configure advanced driver settings.
- **Information** property sheet for information on your display hardware and software.
- **PowerDesk** property sheet to configure Matrox PowerDesk options.

- **Matrox Desktop Navigator** program to quickly change the view area of your desktop and give you quick access to the PixelTOUCH zoom and CenterWINDOW features.
- **Matrox QuickDesk** menu to quickly switch to a saved display scheme, and to access other Matrox PowerDesk features.

Note: Access Matrox display property sheets through the **Matrox Display Properties** dialog box. To open this dialog box, click  **Start** **Programs** **Matrox PowerDesk NT** **Matrox Display Properties**.
