Beauty that speaks

Do you feel like using switches to make a statement in your home? With Niko's interchangeable push buttons and flush surround plates you'll inject colour into your home in a flash. All the devices and flush surround plates in the Niko range are compatible and perfectly interchangeable.

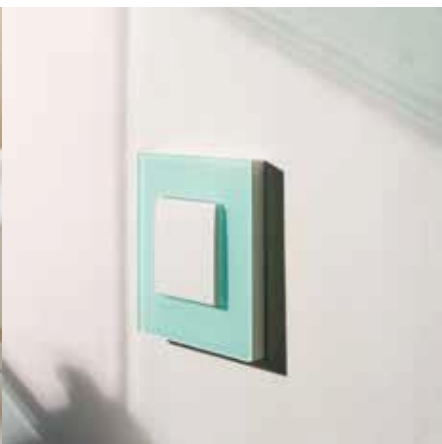

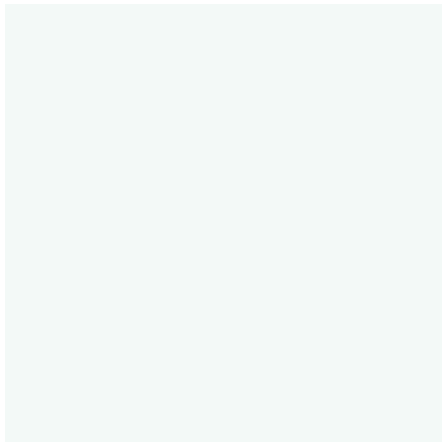

It's all in the details

Turn switches, thermostats and numerous other Niko applications into bold eye-catchers. With our entire range of pure lines and shapes, nothing could be easier. And our carefully selected materials offer elegant solutions for every interior style.

Invisible yet eye-catching
