

Learning Objectives

As a result of this presentation, you will know:

- the SAP BW Business Content based on Oracle Financial Applications,
- how the transactional data from Oracle Financials is transformed within the SAP BW,
- that the data is extracted from a Oracle Financials system using the Ascential Oracle Extract PACK. This program is part of the Ascential DataStage Software.

Agenda

- Oracle BW Integration
- BW Data Staging of Oracle Data
- Extraction using Ascential DataStage
- Summary
- Live Demo
