# Science Fair Display Tips

http://sciencefair.math.iit.edu/

Text Layout and Flow

- The layout and flow of text is vital in getting the information across in a meaningful way.

- English is read from left to right, top to bottom. So should the layout of the text.

# Good flow!!!

Poor flow!

DO NOT DO THIS!!!

Project Titles

- People have to know what the project is about.

- Get people's attention! Use letters large enough to be seen from 30-40 feet away.

- Make the title look professional

- The title should be centered at the top of the board.

Not in the middle!

Not at the bottom!

TITLE

Not vertical!

JUUUUUST RIGHT!

Balance Text, Pictures, Space

- Avoid textwall!!!
- Posters should be summaries, not a novel!
- Use bulleted lists
- Big font (at least size 18 font)
- Don't have too much or too little whitespace
- Avoid having one area with all picture or all text
- Pictures & graphs are vital!
- Pictures and graphs shouldn't cover more than 50% of the board
