Good morning , every teacher. It' s really a great honor to have this opportunity for an interview. And I hope I can make a good performance today , eventually enroll in this prestigious university in September.

First , let me introduce myself briefly. My name is Shirley Guo , which is Guoxueli in Chinese. I am 22 years old , born in Zichang country , Shaanxi Province. I' m studying at Xi' an jiaotong University. I major in e-commerce with a minor in law. In order to improve my English and master fundamental knowledge

of computer application , I have passed CET6 , the C++ language examination in the National computer Rank Examination Level2 and the database examination in the National computer Rank Examination Level3 with a ease. I always believe that one will easily lag behind unless he keeps on learning. The scholarships I have won during these years could certificate that I work hard.

I am very easy to get on with , so I have lots of friends. And I am optimistic for that I believe in the end thing will mend. Sometimes I prefer staying alone , reading , watching movies , listening to music or surfing the Internet.

As for why I choose to engage in postgraduate study , there are several reasons as follow. Firstly , I think further study is still urgent for me to realize self-value. It is necessary to seize any chance for self-development , especially in this competitive modern world. Secondly , Professor LIqi is the tops in e-commerce field. I am looking forward to following him to make a more foundation for future profession after two years study here. Thirdly , now the employment situation is serious. Maybe through postgraduate study , I could achieve a better position.

In a word , I' m eager to enroll in our school to proceed further.

good morning. i am glad to be here for this interview. first let me introduce myself. my name is 24. i come from ,the capital of *province. i graduated from the department of *university in july ,.in the past two years i have been prepareing for the postgraduate examination while i have been teaching *in no.*middle school and i was a head-teacher of a class in junior grade two.now all my hard work has got a result since i have a

chance to be interviewed by you.

I am open-minded, quick in thought and very fond of history. In my spare time, I have broad interests like many other youngsters. I like reading books, especially those. Frequently I exchange with other people by making comments in the forum on line. In addition, during my college years, I was once a net-bar technician. So, I have a comparative good command of network application. I am able to operate the computer well. I am skillful in searching for information in internet. I am a football fan for years. Italian team is my favorite. Anyway, I feel great pity for our country's team.

I always believe that one will easily lag behind unless he keeps on learning. Of course, if I am given a chance to study in this famous university, I will spare no effort to master a good command of advance.

1.

Good morning. I am very glad to be here for this interview.

2.姓名,英文名,毕业院校,毕业专业,毕业学院

First let me introduce myself. My name is LiShuai, and my English name is Jacky Lee. I've finished my undergraduate education in Xidian University, Majoring in Electronic Science and Technology in the college of Technical Physics.

3.性格,爱好,实践经验

I am open-minded, willing and have broad interests like basketball, reading and especially in engineering such as software programming, website design, hardware design. For example, during the past four years, I have accomplished two websites: one is the website of our school, and the other is the website of the doctor forum of china 20xx. Furthermore, I am interested in C plus plus programming language and have written some application programs. In July in the last year,I finished my graduate project with flying colors,which was a software application about Image Process . In addition, I have also finished some projects about embedded system by using MCU when I was a junior.

4.为什么想读研,将来愿意从事的方向,读研时的打算

Although I have broad interests in many aspects and grasp the essential knowledge of the major, but I think at present, I can do many things in a superficial level, but not be competent to do things professionally owing to lack of ample knowledge and ability. So I think further study is still urgent for me to realize self-value.

The major that I hope pursue for my further education is IC design. Because I find integrated circuits are playing a more and more important role in our modern society. And nowadays in China, with the recognition by the government, our domestic

integrated circuits industry is growing rapidly and that may provide a lot of chances to us.

I plan to concentrate on study and research in this field in my graduate time. And I hope I can form a systematic view of micro electronics and IC design technology and make a solid foundation for future profession after three years study here.

5.结束语

OK, that' s all. Thank you very much.

I am . I was born in . I graduate from senior high school and major in English. I started learning English since I was 12 years old. My parents have a lot of American friends. That' s why I have no problem communicating with Americans or others by speaking English.

In my spare time, I like to do anything relating to English such as listening to English songs, watching English movies or TV programs, or even attending the activities held by some English clubs or institutes. I used to go abroad for a short- term English study. During that time, I learned a lot of daily life English and saw a lot of different things.

I think language is very interesting. I could express one substance by using different sounds. So I wish I could study and read more English literatures and enlarge my knowledge.
