An old story goes that once there were four single men, leading very boring lives. None of them were married, or had lovers, or did anything exciting. They just sat around all day and played Mahjong (麻将) .

One day they played Mahjong from 11 in the morning until 11 at night. During the game, no matter who won, the winning card was always the 'Sitiao' card. And that day happened to be November 11th. In order to remember the day, they called it Singles' Day.

For breakfast on Singles' Day, singles often eat four youtiao, which means the four "ones" in "11.11". Many singles also choose to say goodbye to their single lives on this day. So they take part in'blind date' parties, trying to find someone they love and many people choose to marry on this day. Besides the meaning 'single', the four 'ones' of the date can also mean 'only one' as in 'the only one for me.' Good afternoon! Welcome to England . We hope that your visit here will be a pleasant one. Now, I would like to tell you something about our laws.

The first one is about drinking. Now, you may not buy wine in the country if you are under 18 years of age, nor may your friends buy it for you.

The second one: noise. Enjoy yourselves by all means, but please don't make unnecessary noise, especially at night. We ask you to respect other people who may wish to be quiet.

The third one: crossing the road. Be careful. The traffic moves on the left side of the road in the country. Use pedestrian crossings(人行横道) and do not take any chances when crossing the road.

My next point is about rubbish. It isn't lawful to drop rubbish in the street. When you have something to throw away, please put it in your pocket and take it home, or put it in a dustbin.

Finally: smoking. It is against the law to buy cigarettes or tobaccos if you are under 16 years of age.

I'd like to finish by saying that if you need any kind of help, you can contact the police. The police will be pleased to help you. You can call, write or directly go to ask any policeman.

According to the passage, answer the following questions:

【小题 1】 How many points are discussed in the speech?

【小题 2】 How can you contact a policeman if you need help?

【小题 3】 Can you buy cigarettes if you are under 16 years of age?
