Dear _____,

How is everything going? As you are interested in the Chinese customs at table, I am more than glad to expose you to the fantastic culture of China.

Generally speaking, guests are regarded as the centre on such an occasion. As a consequence, the host will lead the guests to their seats first. Besides, it's the guests who are supposed to try the first taste. What's more, as is known, it is typical of Chinese to use chopsticks and we all are accustomed to making no noise. Last but not least, a polite guest never forgets to express thanks for the warm treat.

As the old saying goes, do in Rome as the Romans do. When you pay a visit, bear in mind to respect the customs.

Yours truly,

My Free Time Activities

A good free time activity can make people relax and make their life colorful. I have many free time activities. Now, let me share ~~they~~ them with you.

My favorite activity is playing football. So I usually play football in the park when I finish my homework ^{with my friends}. That's very interesting. Sometimes, I practice ~~my~~ math in my free time. But it is too difficult to finish it. I don't like to do it. I often exercise on weekends in the morning. I think it's good for my health.

All in all, these free time activities ~~is~~ help me to be a better person. I will keep them to make my life meaningful and fantastic.

52. Dear Editor,

I have reading your newspaper for many years with a great enthusiasm and interest. It is my view that limiting the use of disposable plastic bags is of utmost significance.

To crack this hard nut, I would like to propose several practical recommendations as follows. First and foremost, it is imperative for us to ban the free use of disposable plastic bags. In addition, we should develop possible alternative forms to replace them, such as paper or clothing bags. Last but not least, plastic bags should be offered in a much higher price in department stores or supermarkets.

I hope you will find the above proposals conducive and I would like to discuss this matter to further details. Your prompt attention to my suggestions would be highly appreciated.

Yours
Li Ming

The terrible earthquake and the following tsunami have caused so many people's injuries and deaths. Besides, many citizens become homeless. We Chinese feel greatly sorry for the pains you are suffering. And I hope you can overcome those great difficulties. Please remember Japan isn't alone. People all over the world are lending hands to the areas struck by tsunami and earthquake. Now that the disaster has happened, we should face it bravely and rebuild the homes, thus creating a stronger country. Tomorrow is another day. All the things will be better.
