2.30 – 3.30 pm

How far should countries aim to be self-sufficient? (A Level 2011)

How far should countries aim to be self-sufficient? (A Level 2011)

How far should countries aim to be self-sufficient?

Keyword: self-sufficient

- able to provide one's own needs
- economic independence
- to not rely on others for development aid, resources
- military autarky
- Does it refer to an absence of diplomatic ties?
- Is North Korea an example of a self-sufficient country?
- Does it refer to isolationism?

How far should countries aim to be self-sufficient?

Keyword: self-sufficient

Need to establish parameters or definition of a self-sufficient country.

To be entirely self-sufficient is an **ideal** which is **not possible to achieve** i.e. **unrealistic**.
