
黑龙江人民管理系统

摘 要

身处 21 世纪的我们，因为社会的不断发展以及进步，人们对信息科学化的发展有了进一步的了解，随科学化的电子型管理工作的重要性被人们所重视。科学化的管理使信息存储使工作管理的效率更加的准确、快速、完善，促进了社会的发展。

本论文对黑龙江人民管理系统进行了详细的介绍，包括黑龙江人民出版社的现状，还有涉及到的系统开发背景，针对系统的设计目标进行了论述，系统的需求、系统的设计方案和系统的设计与实现也做了详细的讲解，最后对黑龙江人民出版社管理系统进行了一些具体的测试。

本文以 JSP 为开发技术，采用 B/S 结构，利用 Web 前端知识与 Java 语言，结合 MySQL 数据库进行开发，并使用了 HTML 第三框架美化系统的界面。本系统主要使出版社的选题到出版运输后的整个业务流程进行了系统一体化，通过电子系统的运作，解决了出版社浪费大量纸张和人力资源等费用的问题，提高了出版社内部运作的效率。

关键字：出版社；业务流程一体化；JSP 技术

Abstract

In the 21st century, because of the continuous development and progress of society, people have a further understanding of the development of information science. With the importance of scientific electronic management, people attach great importance to it. Scientific management makes information storage more accurate, fast and perfect, and promotes the development of society.

In this paper, Heilongjiang People's management system is introduced in detail, including the current situation of Heilongjiang People's publishing house, as well as the background of system development. The design objectives of the system are discussed. The system requirements, system design scheme and system design and implementation are also explained in detail. Finally, the management system of Heilongjiang People's publishing house is introduced Body test.

In this paper, JSP is used as the development technology, B / S structure is used, web front-end knowledge and Java language are used, MySQL database is used for development, and HTML third framework is used to beautify the interface of the system. This system mainly makes the whole business process from the topic selection of publishing house to the transportation of publishing house integrated systematically. Through the operation of electronic system, it solves the problem that publishing house wastes a lot of paper and human resources and improves the efficiency of internal operation of publishing house.

Keywords: Publishing House; Business Process Integration; JSP Technology

目 录

摘 要	I
Abstract	II
第 1 章 绪论	1
1.1 课题背景	1
1.2 目的和意义	1
1.2.1 课题目的	1
1.2.2 课题意义	2
第 2 章 可行性分析	4
2.1 经济可行性	4
2.2 技术可行性	6
2.3 社会环境可行性	7
本章小结	8
第 3 章 需求分析	9
3.1 黑龙江人民出版社管理系统需求概述	9
3.2 业务活动分析	10
3.2.1 选题管理业务活动	11
3.2.2 图书管理业务活动	12
3.2.3 作者信息管理业务活动	13
3.2.4 财务信息管理业务活动	14
3.3 系统需求用例分析	15
3.3.1 作者用例分析	15
3.3.2 主编用例分析	18
3.3.3 财务人员用例分析	20
3.3.4 社长用例分析	22

3.4 系统概念类模型.....	25
