Good morning, dear professors

It's my great honor to have the opportunity for this interview. My name is XXX, I hope I could make a good performance today. Now I will introduce myself briefly. Looking forward to the wonderful future, I entered in Shandong University in 20xx, majoring in Biomedical Engineering. I still remembered the first class in University is the major introduction. Professor Liu told us that BME is a major combined with science, engineering and medical. And I showed great interest in this promising major. During my undergraduate period, I studied hard to lay a good foundation of knowledge for future. And I know that our major should combine theory and practice, so I participated in various competitions, such as MCU competition. Besides, I was a committee chairman in student union. Also, I was elected to the class committee in our class.

During my hard work in university, I got scholarship and I was recommended for admission to be a postgraduate without exams. It's my great honor that I can remain in Shandong University for further study. Now, I have been a postgraduate for one and a

half years. In my first year, I still have many courses, and I studied hard, I got high scores in all these courses, and my grade average point ranks in the top five in our major. In addition, under the guidance of my tutor, Professor Wei, I do some research on human ECG acquisition. I think it has great meanings to human. With my further research, I have built a more keen interest in biomedical engineering, besides, I also felt I need to enhance level of knowledge, so I want to apply for the opportunity to doctor's degree without exam. So I could able to make a greater contribution for the Chinese biomedical engineering industry.

At last, I want to thank Shandong University, I have been here for five and half years, it makes a great influence on me. More importantly, I want to thank every teacher in our School of Control Science and Engineering, your teach makes me to be a responsible people. And I want to thank my tutor, your guide enhances my research capacity, and laid a good foundation for my future. Thank you for your attention!

So you've decided to take the Airbnb plunge for the first time? Great! I have no doubt if you've picked an experienced host (make sure you do for your FIRST stay) that you'll find your stay will be far more rewarding than a hotel, traditional BnB or

backpackers. You are on the right track to start with a small self-description. You're renting all or part of someone's home, so it's only right that they should have a vague idea of who you are. Tell them who you are, where you are from, your hobbies and your character. For example, I'm a graphic designer from Beijing. I love dancing, shopping and travelling. I'm an outgoing person who loves meeting new people and trying new things.

英文自我介绍范文5

My name is XXX, this year 27 years old. July 1997 me from * * normal school art teacher art professional inside the plan at graduation. From 1997 to within country no longer ZiFeiSheng bag distributive, that I should go up with the sun most glary vocation over. Fortunately, tattenai machang small teachers is insufficient, the people in this small introduction, I served as a year of temporary substitute teacher.

Recall that time which was both sweet and good, although substitute a low salary, but listen students around the side teacher and teacher growled and looked at the pairs of eyes, the full trust every childishness little face, all the unpleasant life all suddenly vanished. I wanted to, even if it does not

become a full member, as long as the school needs, is when the
lifetime class teacher I also willingly. And behold, since 1998

countries began to repel temporary and class teacher, received the school verbally notify after, I was reluctant to part with the mood, quietly left school.

Today, I want to pass the exam again on the rostrum desire is so urgent! My family has three sisters, two sisters working outside, in order to take care of elderly parents already, I always stay in their side. I have open shop, first business handicraft, again after business clothing. But no matter how business handy, when a glorious people's teacher has always been my dream of fundamentality and wish to their life work to pursue career. I have participated in the exam, but are due to various reasons and failed to realize the dream, but I decided, as long as the opportunity, I have been exam go on until the ideal realization so far.

Now of I, after the test of life than my rival in age I no longer have an advantage, but I had a more than they are in children's love, patience and responsibility, a more mature and self-confident.

The teachers in this profession is sacred and great, he asked the teacher not only need have a wealth of knowledge, also have a lofty sentiment. Therefore, reading normal, I pay great attention to their all-round development, extensive training their hobbies,

and learning has the specialty, accomplish except the good at painting and calligraphy outside, still can sing, can speak, speak. Learning for division, high only body sudoku for fan in knowledge-based learning at the same time, I pay attention to cultivating their own noble moral sentiment, consciously bound, observe social ethics, no bad habits and behavior. I think these are an education workers should have the least knowledge.

If, I passed the interview, become numerous teachers team members, I will continue to study hard and work hard, for the hometown of education and contribute their efforts, disappoints engineers of human souls this glorious title.
