Walking is 33 good way to relax. A study shows that even a 10-minute walk can help you feel happy and 34 (health). When walking, you can get close to nature (自然). Also, you can get away 35 your busy life for a while. Going 36 (cycle) or gardening is the same.

Spend some time drawing freely. You may find 37 (you) poor at drawing. But don't mind it. Just draw as freely as you like. Drawing can 38 (make) your brain (大脑) active. And this is a good time to work out the problems in life.

Laughter (笑) is the best medicine. It can always bring you 39 (happy) and fun. So when you are free, do something that makes you laugh. For example, you can watch an 40 (interest) movie or play some fun games.
