## 第二部分 阅读(共两节, 满分 50 分)

### 第一节(共 15 小题;每小题 2.5 分, 满分 37.5 分)

阅读下列短文, 从每题所给的 A、B、C 和 D 四个选项中, 选出最佳选项。

#### A

South America has a long and interesting coastline. When it comes to beaches, there are some excellent options to be found across the continent.

#### **Sancho Beach**

This beach is an amazing stretch of sand with peaceful waters. The clear waters are perfect for swimming but it is difficult to access. It can only be reached by boat or by climbing down the rocky hillsides on each end, so it isn't particularly good for younger children or people who are physically challenged.

#### **Vichayito Beach**

Just a short distance from the waterfront town of Mancora, this lovely beach is often quiet and peaceful, offering some nice shallow water to swim in for little ones. A little further out, the waves pick up, making for fine surfing and windsurfing surroundings, while the charming village offers nice accommodation.

#### **Copacabana Beach**

The cold water here means it isn't an ideal swimming location, but there are good spots for surfing and windsurfing. Various water activities make it a great beach. Visit early, especially in the busy tourist seasons, not only to avoid crowds, but also to gain admittance — visitors will be turned away once the park reaches peak capacity.

#### **Jericoacoara Beach**

Located near the city center, this beach is very popular among surfers thanks to its great waves. It isn't too rough to swim for experienced swimmers, although a slightly rocky seafloor means you should be careful. With large crowds of people, the best time to visit is sunset—arrive early to get a good viewing spot.

1. What may make Sancho Beach difficult to reach?
