

DDoS 攻击的常用方法与防御措施

Common methods and defense measures for DDoS attacks

摘要

随着网络的快速发展和应用，网络正在不断改变和影响着人们的生活方式。但是在这发展的过程中，也存在了不少的问题。DDoS 就是其中一个重大的隐患，而且目前还不能做到绝对的防御，现在的应对措施也只能是缓解而已。本论文就介绍了一些 DDoS 的常用攻击和防御措施的分析。

关键词：DDoS； 防御； 攻击；

Abstract

With the rapid development and application of the network, the network is constantly changing and affecting people's lifestyles. However, in the process of development, there are also many problems. DDoS is one of the major hidden dangers, and it is still not possible to achieve absolute defense. The current response can only be alleviated. This paper introduces some of the common attacks and defense measures of DDoS.

Key words: DDoS; DoS; defense; attack;
