Abstract

With the continuous progress of society and the continuous development of economy, the construction of construction projects has been paid more and more attention. In today's fast-developing society, people's requirements for living standards are higher and higher. Because of the elegance of living environment and the stability of living, the work of construction project becomes more and more important with the continuous improvement of people's living needs. Construction site management of this project is also an important research project. In the process of construction site management, there are not only quality control problems, but also safety management problems, which are the contents of construction site management. In the construction of construction projects, we should strictly abide by them. Some of the state's building construction methods, in order to avoid safety accidents and lead to quality problems after the completion of the building, in the course of the construction of construction projects, We should also pay attention to the specific construction measures in the construction site management process, and this should be taken seriously. Next, the author introduces the present situation and optimization of the construction site management of Hengbang Tianyue Hotel project. Firstly, it analyzes the present situation of the construction site management of the Hengbang Tianyue Hotel project. After that, find out the problems existing in the construction site management of Hengbang Tianyue Hotel project, including safety management, quality supervision and management, and so on. Finally, Put forward corresponding measures to solve the problem, hope that it can bring some help to everyone.

恒邦天悦大酒店项目施工现场管理分析

一、绪论

(一) 研究背景及意义

在国民经济发展中,建筑业是重要的物质生产部门,与提高人民生活水平,促进国民经济全面发展密切相关。中国正处于从低收入国家到中高收入国家的过渡时期。建筑业的增长逐年增加,其在刺激国民经济增长中的作用也在增长。自 1978 年改革开放以来,建筑业的市场规模不断扩大,国内建筑业的总产值也增长了 20 多倍。建筑业的附加值从 GDP 的 3.8%增加到 9.2%。是促进国民经济快速全面发展的重要力量。在一些西方国家,建筑业,钢铁业和汽车业被列为国民经济的三大支柱产业。住房建设项目是中国固定资产的重要组成部分,是人民生活的物质基础,是建筑业的重要组成部分。
