Before 2014, there were no shared bikes. People went on foot, by bus or taxi. Now, there are shared bikes. The bikes wait for you on the street. They are free for an hour. Going by shared bikes is good exercise. And it's a green way to go out, too. It is fun and cool.

Group 4: City Study

Before 2018, there weren't so many City Studies in Yueqing. People often read books in the bookstore or library. Now there are more and more City Studies all over Yueqing.
