四、阅读理解（每小题 2 分，计 30 分）

A

The Robinsons move into the neighbourhood in July. It is very hot. They see the notice about the community club. Mrs. Robinson says, "That is good. I want to live in a safe community."

The next day, Jimmy Robinson and Jerome Robinson are outside playing. They are playing baseball. Adam comes to play with them. He says, "I'm glad to have someone to play baseball with." He lives just across the street.

Jimmy hits the ball hard. It goes into the neighbour's garden. He says, "I'll go to get it. Wait for me here."

"No, don't go there," says Adam. "That's where Mr. James lives. He is the head of the community club. He will be angry. We mustn't play baseball on the street. We should go to the park to play baseball." "But my mother will be angry if I lose our ball," Jimmy says. So he goes to the neighbour's garden to get the ball. A tall man comes out of the house just as he gets to the ball. "Who are you and what are you doing here?" he asks. "I'm Jimmy Robinson, and I come to get my baseball. I'm sorry I hit it here. I don't know the rule (规则)." "OK. You can get it

this time. But remember, we all need to follow the rules in this community. The rules help us have a good and safe place to live. If you want to play baseball, go to the park!”

Jimmy runs back with the ball. Adam and Jerome are glad to see him. “That’s my brave brother,” says Jerome. Just then their mother comes outside. “Mr. James calls me. He says he wants to help us understand the rules of the community.”

Akane, Canada

I think that having a big family is a really good thing. I come from a small family. I only have one brother. He doesn’t want to play with me, so I always like the idea of having a big family. I want to have more brothers and sisters.

Jeyong, Republic of Korea

My family has six people: my parents, two sisters, a younger brother and me. When we are all together, we have

great fun. We talk and eat delicious food together. I'm never (从不) lonely. So I think big families are better.

Simon, Canada

I think a small family is better. If you are the only child in a family like me, you'll get all your parents' love. They do everything for you. But if you live in a family of five children, you have to share everything with the other four children: your parents' love, your toys and even your clothes.

Todd, the USA

I think for children it's better to have a big family because they can do a lot of things together. But for parents, it's better to have a very small family these days, because life for a big family is very difficult.

C

Imagine you live in a smart city. Everything you need—schools, cinemas and parks—is all within a 10-minute walk. People in South Korea are planning such a community in Seoul.

The idea of such a city is not new. In 2016, French-Colombian researcher (研究人员) Carlos Moreno came up with the "15-minute city" idea. Such a city sees offices, sports centers and other things all within a 15-minute walk or a short bike ride from people's homes. This way people can save time and enjoy themselves. Their pace of life will slow down too.

His idea interests more people during the epidemic (疫情). People have to stay at home and they seldom go

outside their communities. But some people can't find the things they need in their communities. Paloma Ezzet, 16, is an example. She has to give up football and dance because there are no places for her to do these things nearby. If she lived in a 15-minute city, it would not be a problem.

But not everyone likes the idea. Some people worry about that such cities will get the rich together in the most popular areas, so house prices will be very high.

59. What does the underlined word “**pace**” in Paragraph (段落) 2 mean?

- A. 能力 B. 节奏 C. 发展 D. 水平

60. Where does the passage most probably come from?

- A. A newspaper. B. A story book.
C. A film poster. D. A travel magazine.

61. What can be the best title for the passage?

C. Have fun in the community. D. Bring the world closer to home.

D
