Trump Signature Gemstone Spa Treatments

Offering serenity and healing through precious gem-infused oils combined with rare flower and herbal essences, these rich oils contain diamonds, emeralds, rubies or sapphires.

BALANCING DIAMONDS MASSAGE*
Balancing
Diamonds have been used since ancient times to balance the crown chakra, providing clarity, inspiration and enlightenment. The oils used in this massage are infused with the healing benefits of precious diamonds and botanical essences saturating the skin and creating the ultimate indulgence.

PURIFYING EMERALDS MASSAGE*
Purify
Emeralds are said to hold the energy of the earth, integrating harmony, compassion and well-being. Precious emeralds represent the heart chakra and are infused into the oils used in this massage, inspiring the healing benefits of essential herbs and flowers.

REVITALIZING RUBIES MASSAGE*
Revitalize
The deep reds of the Ruby represent the grounding principles of the root chakra. When in balance, the body is invigorated and vivacious, stimulating stability and creativity. Oils containing the infused properties of rubies are used to revitalize the body, clear negativity and reveal an uplifted inner self.

CALMING SAPPHIRES MASSAGE*
Calm & Heal
The Sapphire's rich indigo blue represents the third eye chakra, symbolizing wisdom and inner peace. Experience stillness and quiet thought during this healing treatment. Oils are used that inspire tranquility and calm your mind, leaving you in peace.

Relaxation Path of Experiences

Our Spa Attaché is available to attend to your every need during your spa journey and will assist with the selection of a locker, robe and beverage. Each spa guest will receive a trio of indulgent custom blended spa body products to encourage an enhanced state of relaxation prior to your services. In order to fully experience what The Spa at Trump® has to offer, be certain to arrive at least 45 minutes prior to your scheduled appointment time.

HOT SAUNA TRADITION

Heal

This Scandinavian sauna ritual relies on the healing powers of dry heat to stimulate circulation and detoxification.

PURIFYING STEAM ROOM

Purify

The Steam Room can be incorporated at the beginning and end of your Path of Experiences. The healing benefits of our eucalyptus steam room include hydration, detoxification, increased circulation and tension release.

DELUGE SHOWER EXPERIENCE

Revitalize

Enjoy a unique experience in our mood-enhancing Deluge shower with Chromotherapy and nine deluxe shower heads for total immersion. Each one is separately adjustable for water flow direction and water pressure to accommodate your height and skin sensitivity. Our luxurious Deluge shower is custom to The Spa at Trump® and will provide an unsurpassed showering experience.
