[1] In this passage, we're going to show you at a high level each one of the major choices you need to consider when starting your online business along with the pros and cons so you can make the best decisions possible right from the beginning.

本句中, you need to consider是一个定语从句,修饰和限定each one of the major choices。when starting your online business along with the pros and cons是时间状语。so you can make the best decisions possible right from the beginning是目的状语从句。

[2] Now that we've covered the two major types of online business models, let's drill down a little deeper and look at the different types of products you can sell online:

本句中,Now that we've covered the two major types of online business models是一个原因状语从句。you can sell online是一个定语从句,修饰和限定the different types of products。

[3] The most important thing to note here though is that not all products can be made by hand.

本句中,that not all products can be made by hand是一个表语从句,可以译为"并非所有的产品都是手工制作的"。not all表示部分否定。例如: Not all companies sell this kind of product.并非所有公司都销售这种产品。

[4] Dropshipping can also be a great tool to help diversify your inventory and test products since it's just a matter of adding the new product to your store.

本句中,to help diversify your inventory and test products是一个动词不定式短语,作定语,修饰和限定a great tool。since it's just a matter of adding the new product to your store是一个原因状语从句。
