

个人网站的设计与实现

**Design and Implementation of Personal
Website**

摘 要

伴随着信息时代的到来，人们可以在互联网上快速获取，发布和传递信息。网站已经被应用到生活中的各个领域，与人们的生活融为一体。如今，个人网站已经成为自我表达的一个自由天地，也与其他共同兴趣的人建立社交网络。

本文将围绕个人网站的设计、开发和部署上线来进行讨论。

关键字：个人网站；网站设计；Java 网站；Java Web;

Abstract

With the advent of the information age, people can quickly acquire, publish and deliver information on the Internet. The website has been applied to all areas of life and is integrated with people's lives. Today, personal websites have become a free world of self-expression and social networks with other people who share interests. This article will be discussed around the design, development, and deployment of personal websites.

Keywords: Personal website; Website design; Java website; Java Web;
