

浅谈摄影艺术创作中古典摄影艺术的表现手法

题 目 浅谈摄影艺术创作中古

典摄影艺术的表现手法

摘要

在当时古典摄影工艺制作出的影像中，显影工艺与摄影材料的制作大部分都是纯手工来完成的，也都统称叫为手工影像。摄影历经了 180 年时间的升华，今天的摄影术显然已被数字影像所掌握，随着社会的推动摄影也在不断地发展，其目睹了摄影术从纯手工的制作到工业发展的不断鼎新，在这个被数字影像所操纵的时代，回顾摄影术发展之初的古典工艺，也许会让我们体会到更多的摄影所存在的价值。

本文的研究重点主要阐述古典摄影工艺，分析古典摄影工艺的历史性和制作过程。本篇论文分为四个部分，首先主要阐述了古典摄影工艺的发展史，其次，阐述蓝晒摄影工艺和银版摄影工艺的历史性，制作过程和优缺点，尽量全面的阐述古典摄影工艺；再次，阐述了古典摄影工艺在如今艺术的价值；最后，本文阐述了古典摄影的艺术体现，了解古典摄影的魅力，从而进一步了解古典摄影艺术。

关键词：古典工艺；艺术价值；摄影史

ABSTRACT

Classical photography refers to the general designation of many photography techniques invented by photography in the early 19th century before industrialization. In the images at that time, most of the development process and photographic materials were done manually, and they were also collectively referred to as manual images. Photography technology has undergone 180 years of baptism. Today's photography has obviously been monopolized by digital images. With the development of society, photography is also continuously developing. In this era dominated by digital images, reviewing the classical techniques at the beginning of the development of photography may make us realize the value of more photography.

The research focus of this article mainly includes expounding the value of classical photography. Firstly, it mainly expounds the development process, historical background, process overview and feature classification of classical photography technology. Secondly, the history, production process, advantages and disadvantages of blue and silver photography are expounded, and the classical photography is expounded as comprehensively as possible. Thirdly, it expounds the artistic value of classical photography in today's world. Finally, this paper expounds the artistic expression of classical photography and understands the charm of classical photography, thus further understanding the art of classical photography.

Key Words: classical craft, artistic value, photography history
