Inbound tourism

International visitors in Israel from 2016 to 2022 (in 1,000s)

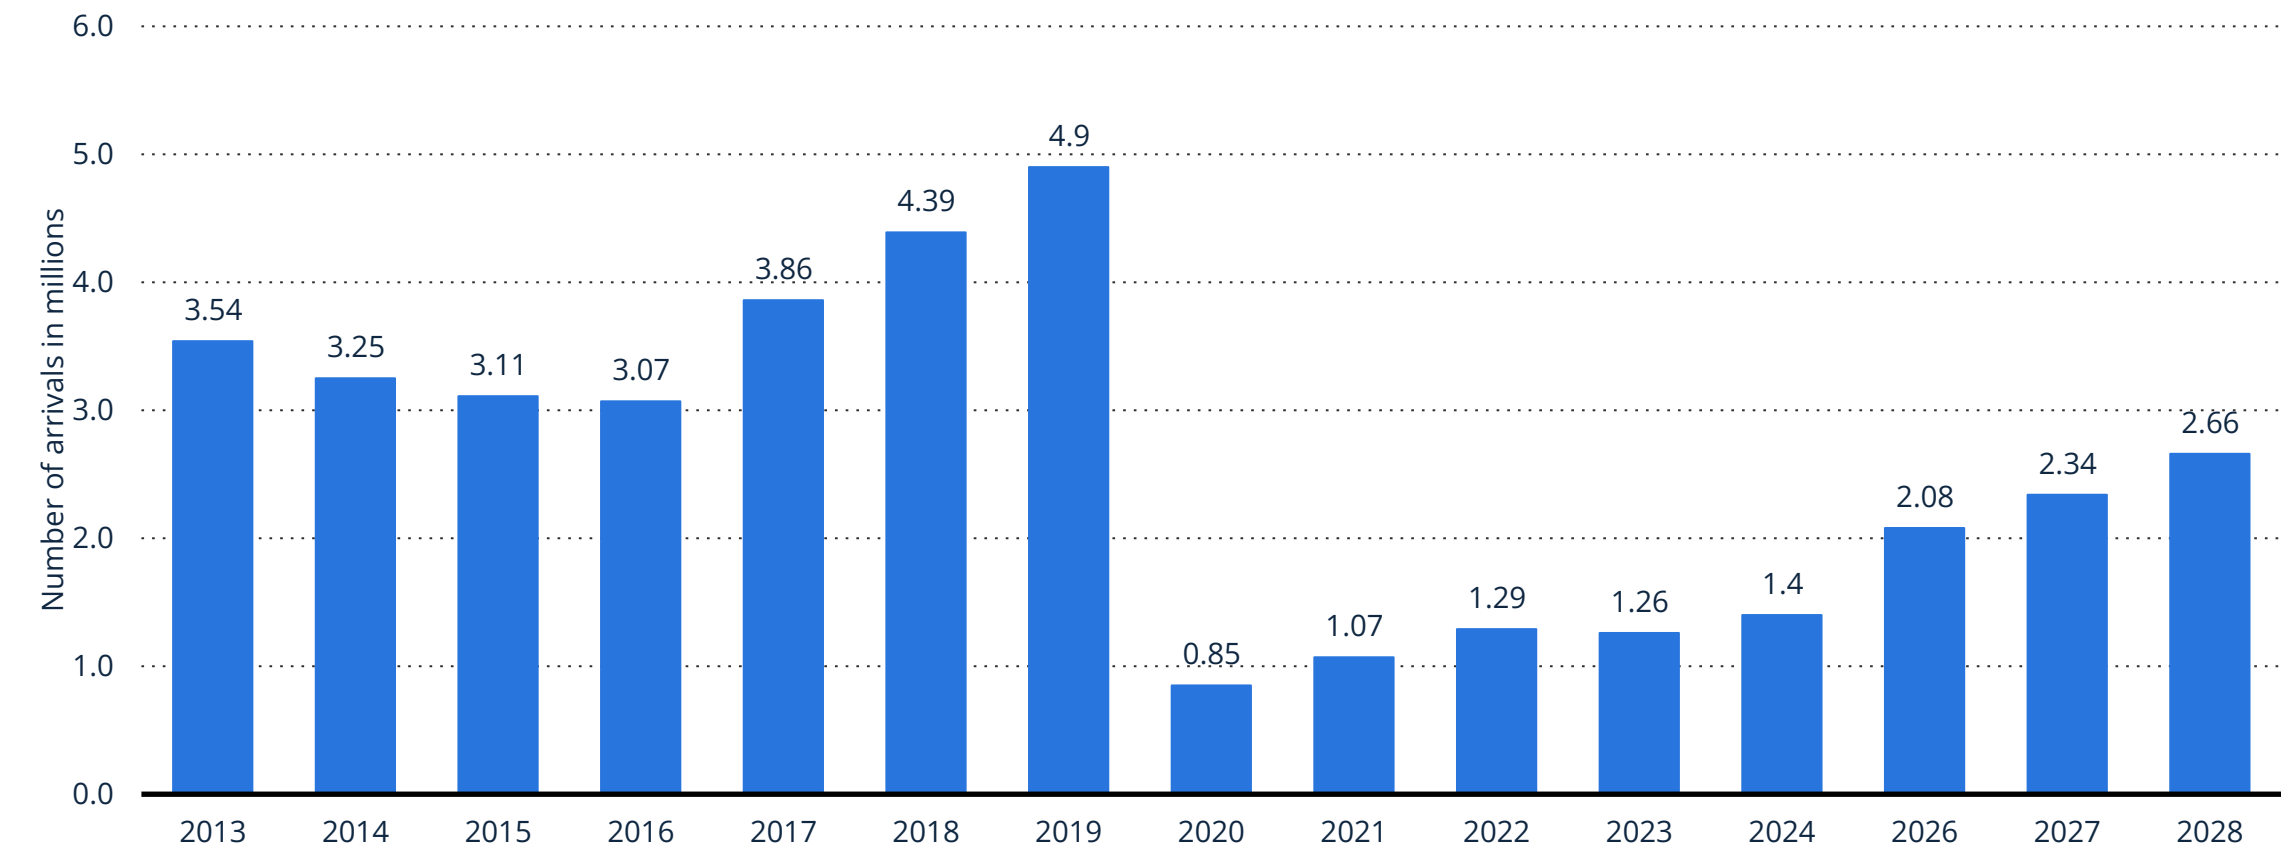

International visitors in Israel 2016-2022

4 **Description:** In 2022, the number of tourists and day visitors entering Israel increased significantly, and tourists from abroad reached 2.6 million. This rise resulted from abolishing the governmental Coronavirus (COVID-19) restrictions. Between 2016 and 2019, there was a significant increase in the number of international tourists and day visitors in Israel. This incline might result from an intensive advertising campaign for tourism in Israel and the hosting of a big European event, Eurovision 2019, in Tel [...] [Read more](#)
Note(s): Israel; 2016 to 2022; * The source specifies that tourists are visitors who entered and left the country on different days, whereas the meaning of day visitors are those who entered and left the country on the same day. [Read more](#)
