Changes in My Hometown

People lived a poor life. The houses were old and small. The pollution was very serious, and there was rubbish everywhere. It’s not easy to travel around the town, so few visitors came here.

Now great changes have taken place. People are living a better life. Their houses are larger and brighter. Many people have their own cars. The mountains are greener, the rivers are clearer and the sky is bluer. Every year, thousands of people from all over the world come to visit it.

I believe my hometown will become more and more beautiful with the help of the government.
